

Class options:

Photosynthesis

Learn how a plant carries on photosynthesis and then plant a plant to take home.

Bats, Bats, Bats

Study a bat, what they eat, where they live, and how they help people then make a bat box to take home. (building the bat box only occurs in the 2 hour workshop) (2 hour workshop \$15 each)

Weather

Visit the weather center, learn to read all the weather instruments, read charts and graphs, compare the weather for the month to the Farmer's Almanac

Service learning

Spend 3 hours on the farm working as a farm hand. You will learn to feed and care for animals, weed the garden, clean the stalls, and do basic farm chores.

Design your own

Are you looking for something specific for your class? Looking to meet specific objectives? If it involves nature, growing, animals, or most science we can set it up. Just ask!

FRIENDLY FARM

Life on the farm

Where farming meets fun and learning

865-982-7255

Field trip

Your time on the farm will begin with a short discussion of safety and respecting the animals. We will then proceed to the barn to participate in a 30-45 minute lesson of the teachers choice. Following the lesson the students will be guided to the petting zoo to interact with the animals. They will feed the goats, pet the pig, and interact with the ponies. They will be guided through the farm by your very own farmhand. If your group is large, we will divide you into

groups of 10-15 and the order will be changed, Following the interaction with the animals, groups will enjoy a nature hike. Following the hike, you will be free to enjoy

the farm for lunch. You have your personal farmhand for 3 hours. Admission to the barn and animal area is limited to groups that have a farmhand. Groups that remain for lunch may enjoy the free time in the picnic area.

Class time

Class time will be a hands on time for the students to interact and do. We will do very little "lecture" type learning, and lots of hands on doing.

Class topics are listed on the reverse side of this brochure.

Fees

3 hours on the farm as discussed to the left. \$7 per person, teacher free.

Minimum 10 students.

Additional time with the farmhand \$1 per person per 30 minutes.

One cup of animal feed \$0.50 order in advance for \$0.25 each

Box lunch ordered in advance \$5 each

Lesson plans for the teacher for before and after the visit FREE

Questions

Call Farmer Jodie!

865-982-7255

Want something special that we don't have listed? Call let's talk and see if we can meet your need!

We also offer "come to you experiences"! We can come to your location with up to three animals and introduce your students to caring for them.
